## Admission of International Students

International students must have completed the equivalent of a United States high school education. Only official transcripts of secondary schools and universities will be considered as a basis for admission. Applicants must send official transcripts of all credits and official copies of all degrees, diplomas or certificates, and credentials.

Official credentials and notarized translations must be sent to the Office of Undergraduate Admissions. ACT or SAT scores should be submitted when appropriate. For advanced standing and/or transfer credit, students may be asked to have official evaluations completed by ECE (Educational Credential Evaluators) or another approved agency at their own expense.

Proficiency in English, both written and oral, must be demonstrated prior to admission. This may be done by scoring a minimum of 550 on the paper version of the Test of English as a Foreign Language (TOEFL) or 213 on the computer-based version. Students may also meet the English proficiency by successfully completing the Masters Level 120 in the ELS Language Centers program. ELS, a division of Berlitz International, has one of its centers on the Dominican University campus.

In addition to regular university expenses, there are additional expenses for international students:

1. Medical insurance, which must be obtained from an insurance agency.
2. Books, personal items and living expenses for periods when the university is not in session.

International students must pay the first semester's tuition, fees, room and board in full prior to enrolling in classes. Dominican University will assume no liability for any expenses incurred by students.
