Please provide any additional comments you have about your experience at Dominican:

I do love the school! I got my bachelors degree there and then went back for my masters degree

I loved my program when I started there. There were some administration and staff changes that happened in the middle of my time there that seemed to impact the program for the worse. The PA program was no longer the PA program that I was so happy to be a part of when I joined. I hope it has went back to that since I graduated and further staff changes were made.

Make sure you focus on retaining the hard working professors. They are the ones that give us strength and the confidence to continue what we want to pursue.
