Please provide any examples you may have that illustrate how Dominican University, with its mission to prepare students to pursue truth, to give compassionate service and to participate in the creation of a more just and humane world, has impacted your life:

Helped me care more about those less fortunate than me.

We were exposed to different cases of students we may encounter, from foster kids, to homeless kids, to those that struggle in many different ways. And for each of those cases, teachers taught compassionately and helped us open our hearts to what we may encounter.

I already had these...Dominican supported my ideology.
