2022-2023 Appeal for Review of Special Circumstances

Student Name: ___________________________ Dominican ID Number: ____________

Introductory Information:

Based on the information you provided on your FAFSA, the federal government determines your financial need for college. Your financial aid offer reflects this information in the federal and state aid on your award. If you feel you/your family has experienced an unusual circumstance that is affecting your family financially, and your 2022-2023 FAFSA is no longer an accurate representation of your ability to pay, please complete and submit this form along with your required documentation. The financial aid office will review your documentation to determine if an adjustment to your FAFSA is appropriate.

Before submitting this form to the financial aid office, you must have received an official award offer from the financial aid office and be aware of the following information:

- The Department of Education requires schools to perform verification on selected applicants before considering professional judgement adjustments.
- Most appeals will require the submission of tax information.
- Appeals will not be considered for FAFSAs that have been completed using estimated tax information.
- Submission of this form does not guarantee that an adjustment will be made to your financial aid offer.

- All appeal information is expected to be submitted with this form and clearly labeled with the student’s name and Dominican ID number (if known).

Please Note: All documentation included with your appeal must be submitted in, or translated into, English. We cannot accept documentation written in another language without an accompanying English translation.
