INTRODUCTION

The Key Indicators Tool (KIT) was developed for the Council of Independent Colleges (CIC) by the Austen Group in 2004. This annual benchmarking report provides 20 indicators of institutional performance for small and mid-sized private not-for-profit colleges and universities. Part A covers student information (enrollment, recruitment, progression) and information related to the faculty. Part B covers a wide range of financial information, such as tuition revenue and financial aid, as well as resources and expenditures. The KIT benchmarking report is an important component of CIC's data initiatives, designed to enhance institutional effectiveness and decision making. This confidential resource is prepared for the exclusive use of CIC member presidents, who in turn may choose to share some or all of the report with key staff, board members, or other constituents. Originally developed with support from the William Randolph Hearst Foundations, CIC gratefully acknowledges Ruffalo Noel Levitz's financial support of CIC's benchmarking reports.

Change in Recent Years

The 2016 KIT update retains the same basic look and structure as previous editions. However, there has been a notable change in recent years:

- **Faculty Salary Calculations.** The 2012-2013, 2013-2014, 2014-2015, and 2015-2016 calculation of faculty salaries in IPEDS differs from the method used in previous years, resulting in a comparable, although not identical, measure of indicators 8, 9, and 10. The new method may result in a slightly lower number on these indicators for many institutions. A dotted line has been inserted in charts for indicators affected by new calculations to demarcate years when the new formula is used. Additional details regarding this change are available in the appendix of Part A of this report.

Data

The KIT uses data from the Integrated Postsecondary Education Data System (IPEDS), the major national source of publicly available information on postsecondary institutions provided by the U.S. Department of Education's National Center for Education Statistics. The KIT dataset contains information on nearly 800 four-year, private not-for-profit colleges and universities belonging to the five 2015 Basic Carnegie Classification categories that represent 90 percent of CIC's membership: Baccalaureate Colleges–Diverse Fields, Baccalaureate Colleges–Arts & Sciences, Master's Colleges and Universities (smaller programs), Master's Colleges and Universities (medium programs), and Master's Colleges and Universities (larger programs). The number of institutions included in each chart and table varies somewhat because only institutions with complete data for all years of the comparison are included in each table and chart.

Data from IPEDS were not altered nor were missing values imputed unless corrected information was provided to CIC directly from an institution. CIC member institutions with incomplete IPEDS data for the most recent year were given the opportunity to submit data prior to the 2016 KIT report's update. In situations where some data for an institution were unavailable, the tables that present the institution's data contain blank cells and the data were not plotted on that indicator's charts.

Format and Analyses

The KIT provides an individually customized report for each institution with regional and national comparisons over a five-year period based on four sorting criteria: region, financial resources, enrollment size, and 2015 Basic Carnegie Classification. Four pages or worksheets are devoted to each of the 20 indicators, one page for each sorting criterion. Each page contains two charts, a national comparison and a regional comparison.

Individually Customized. A customized KIT has been prepared for each CIC member college and university. Each institution's unique data are plotted against national and regional backdrops. On pages presenting comparisons by financial resources, enrollment size, and Carnegie classification, a box in the upper right corner indicates the institution's corresponding category.

Five-Year Trends. To understand how your institution has performed over time and to indicate the direction of a trend, the charts cover five-year periods. Indicators 1-11 cover academic year 2011-2012 through academic year 2015-2016. Indicators 12-20 cover academic year 2010-2011 through academic year 2014-2015. In every case, the most recent IPEDS data are used. When data are presented as whole numbers, a five-year percentage change is calculated.

Medians versus Means. The KIT uses national and regional median values (identical to the 50th percentile). The advantage of using median values instead of the mean (average) is that the median is less influenced by high or low extremes, thus providing a more meaningful mid-point for comparative purposes.

Four Sorting Criteria. The 20 indicators are presented according to four criteria: region of the country, financial resources, enrollment size, and 2015 Basic Carnegie Classification. The individual pages for each indicator are identified on the Excel tabs as "R" for region; "F" for financial resources; "S" for enrollment size; and "C" for Carnegie classification.

1. **Region:** Each institution is located in one of the six regional categories as outlined below. These regions were selected to reflect the distribution and affinity of CIC member institutions and are not identical to those assigned in IPEDS.

<u>Region</u>	<u>State</u>
Far West	Alaska, California, Hawaii, Nevada, Oregon, Washington
Mid East	Delaware, District of Columbia, Maryland, New Jersey, New York, Pennsylvania
Midwest	Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio, Wisconsin
New England	Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont
Southeast	Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, West Virginia
West	Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah, Wyoming

2. **Financial Resource Quartile:** Each institution was placed in one of four quartiles based on an institution's financial resources. The financial resource measure was calculated by converting two, equally weighted indicators, *Net Tuition Revenue per Student* (No. 15) and *Endowment Assets per Student* (No. 18). An average of the three most recent years for this calculation is used to create a percentile rank of all institutions in the dataset. Each institution was then assigned to a national and regional quartile based on the distribution of the KIT dataset for the most recent year.

3. Enrollment Size: Institution size uses four enrollment categories: (1) fewer than 1,000 students; (2) 1,000 to 2,000 students; (3) 2,001 to 3,000 students; and (4) greater than 3,000 students. The most recent year's total 12-month full-time equivalent (FTE) enrollment was used to determine size. The total 12-month FTE enrollment was calculated by IPEDS as the sum of the FTE undergraduate, graduate, and first-professional student enrollment.

4. 2015 Basic Carnegie Classification: The KIT provides comparisons based upon the following five basic Carnegie classifications established in 2005 and revised in 2015: Baccalaureate Colleges—Diverse Fields, Baccalaureate Colleges—Arts & Sciences, Master's Colleges and Universities (smaller programs), Master's Colleges and Universities (medium programs), and Master's Colleges and Universities (larger programs). The classification groups comprise 90 percent of CIC's membership. For additional information about the 2015 Basic Carnegie Classifications, including definitions of various categories, visit:

<http://carnegieclassifications.iu.edu/>

Distribution. The following table shows the relative distribution of institutions in the KIT dataset within each region by national financial resource quartile, enrollment size category, and Carnegie classification.

	Financial Resources	%	Enrollment Size	%	Carnegie Classification	%
Far West	Quartile 1 (top)	44%	>3,000	23%	MA-Large	27%
	Quartile 2	17%	2,001-3,000	17%	MA-Medium	17%

West	Quartile 1 (top)	16%	>3,000	13%	MA-Large	26%
	Quartile 2	20%	2,001-3,000	17%	MA-Medium	17%
	Quartile 3	31%	1,000-2,000	33%	MA-Small	8%
	Quartile 4 (bottom)	33%	<1,000	37%	BA-Arts & Sciences	8%
					BA-Diverse Fields	41%
National			>3,000	19%	MA-Large	24%
			2,001-3,000	21%	MA-Medium	15%
			1,000-2,000	37%	MA-Small	9%
			<1,000	23%	BA-Arts & Sciences	38%
					BA-Diverse Fields	23%

Appendix. At the end of each part of the report is an appendix that defines each indicator, detailing the source of the IPEDS data utilized, and the formulas used to calculate ratios and other measures.

The IPEDS Data Feedback Report

Each fall the National Center for Education Statistics sends to college and university presidents a summary benchmarking report that compares IPEDS data from the most recent year for their institution to a select group of similar colleges and universities. This Data Feedback Report (DFR) may be a useful companion to CIC's Key Indicators Tool (KIT) report. Data for both reports come from the same source, although not all of the indicators are identical. Furthermore, the DFR provides data for only the most recent reporting year, whereas the KIT presents trends over the most recent five years. The Data Feedback Report for any Title IV participating institution is available on the IPEDS website:

<http://nces.ed.gov/ipeds/>

The Council of Independent Colleges

The Council of Independent Colleges (CIC) is an association of more than 765 nonprofit independent colleges and universities and higher education affiliates and organizations that has worked since 1956 to support college and university leadership, advance institutional excellence, and enhance public understanding of private higher education's contributions to society. CIC is the major national organization that focuses on providing services to leaders of independent colleges and universities as well as conferences, seminars, and other programs that help institutions improve educational quality, administrative and financial performance, and institutional visibility. CIC conducts the largest annual conferences of college and university presidents and of chief academic officers. CIC also provides support to state associations that organize programs and generate contributions for private colleges and universities. The Council is headquartered at One Dupont Circle in Washington, DC.

For questions or comments about CIC's benchmarking services, including the Financial Indicators Tool (FIT), please contact Hollie Chessman, director of research projects, by phone at (202) 466-7230 or by email at:

hchessman@cic.nche.edu

Additional information may also be found by visiting CIC on the web at:

www.cic.edu

The Austen Group

In addition to its national benchmarking work for private colleges, the Austen Group provides operational analyses and reporting tools for individual institutions in the areas of academic program costs and demand; and similar analyses of co-curricular costs and demand with a special emphasis on athletic programs. These tools assist administrators in making informed decisions regarding the efficiency and effectiveness of university operations. Erik Hoyer, director of research projects, and Michael Williams, president, are the primary Austen Group personnel for CIC's Key Indicators Tool initiative. They may be reached at the email addresses below.

Ruffalo Noel Levitz

Ruffalo Noel Levitz is the leading provider of technology-enabled services, software, and consulting for higher education enrollment management and fundraising. More than 1,800 colleges, universities, and nonprofit organizations rely on their solutions to help achieve their mission. Their experienced team works with campuses across North America to integrate student recruitment and retention, market research, and financial aid into a comprehensive approach to enrollment and net revenue management. Ruffalo Noel Levitz convenes conferences and webinars attended by more than 6,000 educators each year. In addition, they produce reports and columns to help campus leaders analyze current enrollment trends and discover more effective strategies. Visit us at

CIC BENCHMARKING SERVICES

CIC is pleased to offer the following benchmarking services to enhance the Key Indicators Tool (KIT).

Comparison Group KIT

Fee: \$500

This service provides CIC members a customized KIT report with the 25th, 50th, and 75th percentiles for each indicator for either one or two comparison groups selected by the institution. Customized groups permit more refined comparisons that may be useful for particular strategic objectives. Comparison groups may range in size from five to 25, though groups of 10 to 15 are recommended. Selecting two groups provides for multiple comparisons, perhaps of a peer and an aspirant group (see “Guidelines for Selecting Comparison Groups” available on the CIC website). Comparison institutions may be selected from among private, not-for-profit, four-year colleges or universities in the United States.

Online Consultations

Fee: \$650 (KIT only)

Fee: \$950 (KIT and FIT)

CIC has arranged with Mike Williams, president of the Austen Group, to provide web-based consultations using an institution’s KIT report with senior staff, boards, or faculty groups. The interactive online session employs voice and shared graphics, allowing participants to engage in substantive conversation about the institution's concerns and goals in light of the KIT data. This service provides a cost-effective approach to enhancing the value of the KIT for your institution. It also is possible to extend what is generally a one-hour consultation to 90 minutes to include the companion Financial Indicators Tool (FIT) in the presentation. The fee for a consultation using both the KIT and the FIT is \$950. Consultations should be scheduled at least four-weeks in advance.

For additional information or to request any of these benchmarking services, please visit:

<http://www.cic.edu/BenchmarkingServices>

Or contact Hollie Chessman, CIC’s director of research projects, by phone at (202) 466-7230 or by email:

DATA INFORMATION: DEFINITIONS, IPEDS SOURCES, AND FORMULAS

To use this appendix, visit <http://nces.ed.gov/ipeds/datacenter/> and follow these steps:

- select "Compare Institutions"
- enter your institution's name
- select "Continue" to see variables

11) TUITION PRICE (\$)

Definition: The published price of tuition and fees for full-time, first-time degree-seeking undergraduate students.

IPEDS: Student Charges
Price of attendance for full-time, first-time undergraduate students (academic year programs)
Tuition and fees: 2006-07 to current year
Published in-state tuition and fees (Current year)

12) TOTAL INSTITUTIONAL AID PER STUDENT (\$)

Definition: The total amount of institutional student aid (funded and unfunded) divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (funded)
Institutional grants (unfunded)

Frequently used/Derived variables
12-month enrollment
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Institutional grants (funded)} + \text{Institutional grants (unfunded)}}{12\text{-month FTE}}$$

13) UNFUNDED INSTITUTIONAL AID PER STUDENT (\$)

Definition: The amount of unfunded institutional student aid divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (unfunded)

Frequently used/Derived variables
12-month enrollment
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Institutional grants (unfunded)}}{12\text{-month FTE}}$$

14) AVERAGE INSTITUTIONAL AID FOR FIRST-YEAR STUDENTS (\$)

Definition: The average amount of institutional financial aid given to full-time, first-time degree-seeking undergraduate students receiving aid.

IPEDS: Student Financial Aid and Net Price
Student financial aid
Financial aid to full-time, first-time degree/certificate-seeking undergraduate students
Average amount of institutional grant aid awarded to full-time first-time undergraduates

15) NET TUITION REVENUE PER STUDENT (\$)

Definition: Total tuition and fee revenue less institutional financial aid (funded and unfunded) divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Allowances applied to tuition and fees

Finance
Private not-for-profit institutions or Public institutions using FASB
Revenues and investment return
Tuition and fees

Frequently used/Derived variables
12-month enrollment
12-month full-time equivalent enrollment

Formula:
$$\frac{[(\text{Total tuition and fees} + \text{Total allowance applied to tuition and fees}) - (\text{Institutional grants (funded)} + \text{Institutional grants (unfunded)})]}{12\text{-month FTE}}$$

16) DISCOUNT RATE (%)

Definition: Total institutional financial aid (funded and unfunded) for undergraduate and graduate students divided by total tuition and fee revenue.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (funded)
Institutional grants (unfunded)

Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Allowances applied to tuition and fees

Finance
Private not-for-profit institutions or Public institutions using FASB
Revenues and investment return
Tuition and fees

Formula:
$$\frac{\text{Institutional grants (funded)} + \text{Institutional grants (unfunded)}}{\text{Total tuition and fees} + \text{Total allowance applied to tuition and fees}}$$

17) TUITION DEPENDENCY (%)

Definition: The percentage of total expenditures covered by total net tuition revenue.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Student grants
Institutional grants (funded)
Institutional grants (unfunded)
Allowances applied to tuition and fees

Finance
Private not-for-profit institutions or Public institutions using FASB
Revenues and investment return
Tuition and fees

Finance
Private not-for-profit institutions or Public institutions using FASB
Expenses by functional and natural classification
Total expenses-Total amount

Formula:
$$\frac{[(\text{Total tuition and fees} + \text{Total allowance applied to tuition and fees}) - (\text{Institutional grants (funded)} + \text{Institutional grants (unfunded)})]}{\text{Total expenses}}$$

18) ENDOWMENT ASSETS PER STUDENT (\$)

Definition: Endowment Assets at the end of the fiscal year divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Endowment assets
Value of endowment assets at the end of the fiscal year

Frequently used/Derived variables
12-month enrollment
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Endowment Assets}}{\text{12-month FTE}}$$

19) INSTRUCTIONAL EXPENSE PER STUDENT (\$)

Definition: Total instructional expenditures divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Expenses by functional and natural classification
Instruction-Total amount

Frequently used/Derived variables
12-month enrollment
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Total instructional expenditures}}{\text{12-month FTE}}$$

20) TOTAL EXPENSE PER STUDENT (\$)

Definition: Total expenditures divided by total 12-month student FTE.

IPEDS: Finance
Private not-for-profit institutions or Public institutions using FASB
Expenses by functional and natural classification
Total expenses-Total amount

Frequently used/Derived variables
12-month enrollment
12-month full-time equivalent enrollment

Formula:
$$\frac{\text{Total expenditures}}{\text{12-month FTE}}$$
